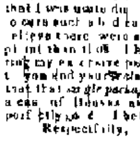
Kirkbride's Tattersall's HEAVE POWDERS:



A SAFE, SPEEDY AND PERMANENT CURE for Heaves, Broken Wind, Chronic Cough, Colds and all diseases which depend upon [illegible] of the [illegible] ...the Animal's Wind.

Soundness of the Animal's Wind.

This remedy which has been used with the most remarkable success in England is now offered to the Horse owners in the United States as a [illegible] specific for that obstinate and distressing complaint. From the combination of powerful vegetable ingredients in its composition [illegible] ...disease. [illegible] ...constitution [illegible] ...warranted [illegible] ...the Heave [illegible] [illegible] ...knowledge [illegible] medical treatment of [illegible] ...extensive.

New York, Nov 1, 1847.

Messrs. A. B. Gough & Co.

Gentlemen—You will recollect that I bought a package of your Heave Powders some time ago to administer to a valuable horse at present in my stables, and that I was unable during [illegible] of attempting to cure such [illegible] [illegible] ...tried my extensive practice with Horses [illegible] ...you and your Heave remedy [illegible] ...that that *single package* cured the animal [illegible] ...a case of Heaves as [illegible] ever saw [illegible] ...perfectly [illegible]

Respectfully, Ed. BLOYD, 102 Laurens st.

Messrs. A. B. Gough & Co.—Gents. I bought about six weeks ago a package of Heave Powders to administer to a horse [illegible] had been troubled with heaves for more than two years. His case was a very bad one [illegible] ...to the paculiar him from [illegible] ...ordinarily used [illegible] ...to slight [illegible] ...taking the medicine, but that package, [illegible] remedy has completely eradicated the disease and now he is [illegible] as good as ever it was. It is a month since he has taken the Powders and I can warrant him sound.

Respectfully, GEO. W. DAVIS,

Monroe, Middlesex Co. N. J.

GREAT CONDITION MEDICINE.

Besides their specific action upon diseases of the lungs and windpipe, the Tattersall's Heave Powders, from their great alterative and restorative properties, are an efficient [illegible] ...Many a case of founder has been [illegible] and cured by a few doses of the Heave Powders when thrown into the food that is given to the heated animal after a hard drive or exposure to inclement weather. They are warranted to cure the worst cough in a few days, and will wholly eradicate a recent cold by the use of 1 or 2 doses. As a condition medicine they are unequalled, especially when a [illegible] hide, staring coat, loss of appetite, etc, denote a derangement of the digestive functions, or existence of bots and worms in the alimentary canal, as described in the following certificate.

Messrs. A. B. Gough & Co.—That package of your Heave Powders that I bought of you for my horse's cough has entirely cured him, but in a different way than I expected. The first dose of Expectorant Powder that I administered brought away an immense number of worms from him, and I believe they were all [illegible] ...cause of his cough, rough coat, etc, which he exhibited, for that package has entirely cured him, his appetite is good and he is now in prime condition. I cheerfully recommend your Heave Powders for worms [illegible]

Yours, SAMU. ROBERTS,

East Hampstead, L. I., Oct 26 1847.

☞ CAUTION. As several imitations of this valuable and popular remedy are about being put up under the name of "Heave Cure," "Heave [illegible]," &c., persons are cautioned to beware of them, and to try no remedy but *Kirkbride's "Tattersall's Heave Powders.*"

No Stable should be without this potent preservative. [Price 1 per package of sufficient to cure an ordinary case, 1 for 5 dolls.

Sold by A. B. Gough & Co., 139 Fulton st., New York, S. W. Fowle, Boston, and by Druggists generally throughout the United States.

Dr. Douglass's well known, having practiced in the principal [illegible] of the [illegible] ...the last 40 years, [illegible] ...seriousness that there are thousands of [illegible] complaints in this city—thousands of individuals that are going down to premature graves by taking the miserable drugs of quacks.

Dr. D. most solemnly affirms that during his practice of forty years, the Paste has never in one single instance failed of effecting a cure in a few days, without any change of diet or hindrance from business. He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians for months and even years, but after taking the Paste for a few days the angry symptoms disappeared, and the patients were discharged, entirely cured!

If the unfortunate, instead of dragging the use ten with quack nostrums, would purchase a single box of the Arabian Paste, we should not see so many emancipated bodies and sallow countenances as we do at the present time.

☞ In case the Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchaser on returning the empty boxes.

For sale only by the original inventor and sole proprietor, Dr. PETER C. WHIG NOMINATIONS.

FOR PRESIDENT,
GEN. ZACHARY TAYLOR.
FOR VICE PRESIDENT
MILLARD FILLMORE.
FOR GOVERNOR
ELIJAH L. HAMLIN.

☞It is supposed by many that Old Zack will not accept the nomination pledged to any party platform That's precisely what we expect The Whig Conventions of '40 and '44 erected no party platform—and that of '48 followed, rightly and wisely in their footsteps.—No man should be supported who would pledge himself, as do the nominee of the Baltimore Convention, to abolish Congress and the Constitution, and be the mere tool of an irresponsible and defunct convention It was Polk's subserviency to the Baltimore Platform, which created the difficulties about Oregon, and involved us in the Mexican War. Old Zack, like a true Republican and genuine Whig, has always set his face against this usurpation on the part of a party Convention—and the people of this country will sustain him in it.

On Saturday last Mr Hamlin made his first speech in the U S Senate against the territorial bill and in favor of inhibiting slavery in all new territories He spake warmly upon the subject and went on to argue in favor of that compromise which would keep free territory free, and which would consent to [illegible] hands [illegible] where slavery existed. He abhorred Abolition in all its forms, but so help him God, he would not consent to implant slavery upon a new territory In advocating the right of the people of California to govern themselves, he said that they deserved the same privilege allowed to Oregon.

Gooseberries.

This season has been unfavorable for the growth of this berry, as we have had but comparatively little sun till lately, for this cause many of the most choice varieties mildewed It may not be known that the gooseberry requires salt The mildew may be effectually prevented by spreading salt hay or what is still better, *Rockweed* found in large quantities at Bucksport and below on the shores of this river—say from four to six inches thick all over the ground among the plants If this is done there will be no mildew

☞The editor of the Somerset Clarion and the editor of the Physician, Mr Littlefield and Doctor Mann, have been switching each other pretty smartly. They are both locos and it was sport to see them hit the raw The Dr is rather of the independent order, tending to individualism, and he hit so very hard that Moses has appealed to the law

☞It appears that there are great numbers of little boys straying about Mexico without parents or protectors A returned volunteer in Pittsburgh brought away one of them, and another *belonged* to one of the officers Both seemed to be highly delighted at the idea of having found protectors.

☞Rev Mr Spear, the editor of the Prisoner's Friend, has engaged in giving the poor children of Boston a walk into the groves in the vicinity of that city, a season of pleasurable recreation and a supply of food, and then returning them to their parents He takes about four hundred at a time The moral and social influence of this enterprize cannot but be highly favorable.

☞The second paragraph by "An Eye Witness" should read as follows

It is enough, perhaps, to say, that the Boston Reporter is an organ of a Christian denomination which sympathises as little with the Unitarians as with the Catholics

The Yarmouth Register says that a fatal disease prevails among the sand eels in that vicinity A party which went out last week on a fishing excursion from Yarmouth, found large quantities of them dead on the flats They lay in windrows on the shore, and might be gathered by bushels

☞A man lost his life at Great Falls N H, a day or two ago, by drinking cold water to excess.

There are several men in this city we regret to say, who are in danger of losing their lives by drinking, not cold water merely, but liquor

☞We regret to learn that symptoms of the *potato disease* are manifested in many places in New England, and anxiety is already expressed in relation to the coming crop which never looked more promising at this season of the year

☞We learn that the blight has appeared in several potato fields in this vicinity This is several weeks earlier than it appeared last year, and great fears are therefore entertained that the potato crop will be entirely cut off

☞The climate of Castine is remarkable for its invigorating qualities Sick persons and children from this city, and this whole fresh water country, immediately improve on a visit there.

☞A new and beautiful gas light has been brought into use at the Astor House in New York called Coston's Silvic Gas Light It is generated with the greatest simplicity, is made from pure rosin, and is very cheap

☞Professor Young, who lectured before the Lyceum in this city several years since on Phrenology, has arrived in the city on a professional visit

☞The famous Fakir of Ava has arrived in the city and made arrangements for performing here during the next week In the meantime he will entertain the people of Orono and Oldtown

☞Martin Van Buren has written a long letter in which he takes strong ground in favor of the principles of the Land Reformers

☞Thanks to Hodgman & Co's Express for papers received on yesterday, in advance of the mail

☞ One of the toasts at Faneuil Hall ran thus

The next President of the United States—as both parties *deal in Generals*, we will not on this occasion *descend to particulars*

Good nature is one of the sweetest gifts of Providence Like the pure sunshine it gladdens, enlivens and cheers In the midst of hate, revenge, sorrow, and despair how glorious are its effects.

A Word to the Whigs.

The Whigs of the United States with very very few exceptions now—and in all sections of the Union too have agreed to support and are supporting Gen Taylor for President and Mr Fillmore for Vice President The union of the Whigs is now as good as it was in 1840, when General Harrison was nominated [illegible] was there then less discord in the Free States but then there was more in the Slave States so the account is balanced

But, as effort was necessary in 1840 to elect Gen Harrison so like effort in 1848 is necessary to elect Gen Taylor President [illegible] are not to be won [illegible] First [illegible] the Government—with [illegible] without arousing the people and impressing upon them the necessity and importance of the contest, they never wage with spoils and spoilers—General Taylor's name [illegible] powerful The Whig flag [illegible] under [illegible] glorious flag But neither name nor flag will [illegible] a successful victory [illegible] two hundred thousand freeholders—the people are [illegible] to rally round the [illegible] name and flag [illegible] times

[illegible] union and to arouse the people is now our duty as Whigs The disappointments, the prejudices and the heartburnings [illegible] are now nearly all hushed [illegible] What [illegible] harmony, [illegible] take the place of bickerings and disputes Now [illegible] is the time to form our ranks, [illegible] we have been [illegible] with various success in the [illegible]

First Organization is [illegible] Nothing is sure without organization A army of a [illegible] may be beaten by five thousand well organized men The best [illegible] principles, [illegible] fail [illegible] general circulation of thought They who [illegible] thoughts [illegible]

Looking to the importance of such organization the Rough and Ready Clubs seem to [illegible] the best way of bringing it about They should be formed we think in every city, village town and county in the United States—*Rough and Ready* the sobriquet of our candidate is a good name It is not objectionable for being warlike [illegible] but it expresses a characteristic of our country and countrymen well embodied in the person of him whom we mean to have as our Chief Magistrate Rough and Ready Clubs, then, let there be wherever the Whig flag is unfurled

But, second—*Intelligence* as well as *organization*, is needed We must circulate the documents Men must be trained not only in the true faith but in reasons for their faith The lives of Taylor and Fillmore, and the life of Cass as contrasted must be distributed far and wide The Allison Letter, and the sound Whig principles it avows must be expounded fully and ably before these Clubs The way the Veto Power has been exercised and the necessity of a restraint of it is a glorious Whig topic for the discussion of which no true Whig can ever be weary Intelligence of all sorts is not only indispensable for Whig success,—and even a Whig victory obtained without it would not be such a blessing as we would wish to see realized Intelligence not only guides the way to victory but teaches the uses to be made of it when won

Besides a Whig President and a Whig Vice President, it must be remembered that we have to elect a new Congress, and in that new Congress, under General Taylor, acting upon the principles of his Allison Letter than upon any of our Presidents is to be *the government*—Congress is to make the Laws The Executive is to execute them To establish Whig principles then, by this Congress, we must select upright and able defenders of our faith as candidates for Congress We must look out that they be sound upon the subject of the Currency, and upon the Tariff, and that they be true to the principles Mr Clay has generally set forth as the fixed Whig principles of our party To be able to elect such such men, their principle must be well advocated in Rough and Ready Clubs,—and to promulgate these principles intelligence must be circulated far and wide—[N Y Express

THE QUESTION.

Letter from C. M. Clay

WHITE HALL, P O Ky, June 28

DEAR GREELEY As you have had more time to cool as well as myself and seem yet hesitating whether or not to go for the regular Whig nomination you will allow me to suggest a few thoughts for your consideration We are both Whigs from youth up to the present time We certainly, then, [illegible] to change our party alliances cannot be reproached [illegible] for any other motive than because the Whigs cease to be worthy of further alliances [illegible] when the subject of slavery [illegible] comes up [illegible] Let us [illegible]

In the first place fairness requires [illegible] the Whigs [illegible] for the Nominee The friends of Taylor wished to run him as an independent candidate [illegible] a Whig but not a [illegible] Whig, [illegible] the Convention [illegible] full [illegible] the Whigs It can hardly be possible that you wished to bring us [illegible] Personal honor then requires you to support Taylor unless the Republic [illegible] great detriment [illegible] your fidelity and pledges Let me see Can we beat Taylor and Cass with a free soil candidate? If we can I think the great question of the age requires us to ensure a certainty and not trust an uncertainty Whigs should elect the man who will Veto a Slave Extension

I think you will believe with me that the time has not yet come Any defection then on our part will enure to the benefit of Lewis Cass and to the injury of Z Taylor Now, however much denounced, I am for the lesser evil I know no morality based upon any other principle than to look around you and make the best of all the circumstances which occur Any other principle puts the good in the power of the bad—the scrupulous in the power of the unscrupulous—the just in the power of the unjust First then as to men Taylor is a slaveholder by birth and habit—Cass is a slaveholder politically by calculation Which is the better man? I say Taylor How do they stand committed? Taylor says nothing upon the subject of Slavery but claims Washington as his model and declares in favor of the supremacy of Congress

Cass holds that Congress cannot legislate against the admission of Slavery into new territories and of course must veto any bill prohibiting its introduction As men then Taylor is preferable to Cass Now as to parties Who will be most apt to stand for liberty the Whigs or their opponents? Let Texas speak! Let the Mexican War speak Let the [illegible] of the South speak Let those who openly avow the conquest of all of Mexico and Cuba speak [illegible] suppose Lewis Cass President [illegible] for the admission of New Mexico [illegible] territorial Government—and a majority of Congress [illegible] the Wilmot Proviso [illegible] they stand [illegible] Vetoed [illegible] Free Soil [illegible] Suppose Taylor [illegible] will [illegible] the whole Whig party of the North and some large portion of the South say Free Soil or No Soil [illegible] Gen Taylor's pledges I believe he would [illegible] the law by the Veto [illegible] But [illegible] Slavery Restriction, as ably [illegible] the Union [illegible] with the lead of Washington and Jefferson I think there [illegible] certainly that he would not veto such a bill But suppose he did, would not the triumph of the Whig party with its Free Soil [illegible] be more likely to summon true men [illegible] the wheels of [illegible] than the same [illegible] would be likely to [illegible] Texas [illegible] Such a result [illegible] slavery, [illegible] in a word [illegible] Z Taylor is the man [illegible] I trust you and the people will [illegible]

Respectfully your obt servt

C M CLAY

P S The pledge made never again to vote for a slaveholder I regard as [illegible] Whig triumph [illegible] that the enemy may conquer—The only pledge [illegible] pledges are at all [illegible] in any cause [illegible] should be faithfully [illegible] carry [illegible] ends

DR. CUMMINGS'S Compound Extract of Sarsaparilla and Dock.

THE articles above named are the principal ingredients of this medicine. With these others of vegetable origin are combined, designed to render them more active, and consequently more immediately effective.

The Dock, or rather a species of it now ranks as a medicinal plant, second to no one of the vegetable kingdom. With the aid of a distinguished chemist, whom the proprietor has consulted in the preparation of the compound, he has succeeded in overcoming the difficulty of preserving the extract of the root for any considerable length of time.

For many years the proprietor has tested in his practice the efficacy of the principal substances of the compound, and is perfectly satisfied that they possess all the properties which have been ascribed to them. Recently he conceived the idea of uniting them, which has resulted in the production of the compound. In this the ingredients are found to act in harmony and to lose none of the qualities which they separately possess.

A larger portion of Sarsaparilla is soluble than has generally been supposed. The extract most to be relied on, and least liable to decomposition is procured by subjecting the root to the action of the menstrua usually employed in extracting its virtues for a long time, without heat or any other accelerating agent. None is permitted to be used in the compound, that has not been obtained by this process and that has been less than a year in preparation.

The Compound is recommended for Scrofulas, Erysipelas, Ulcerous affections, Eruptions and Mercurial diseases. Also for the numerous maladies arising from sedentary employments, occupations of a harassing and fatiguing nature, intense application, exposures to extremes of heat and cold, overtasking the physical powers and other abuses of the constitution, among which are Neuralgia, Piles, Affection of the Liver, Bilious Complaints and Dyspepsia or Indigestion.

In diseases of warm climates with which the proprietor became familiar in his practice in Havana, some years since, the compound will prove particularly efficacious, both as a remedy and a preventative.

This medicine has been for some time in use in this city, where the proprietor has passed nearly half a century of his professional life. It was extensively prescribed by him while in practice, and it is believed to be in favor with his medical brethren in general to whom he is known.

Prepared only by Dr Stephen Cummings and sold at wholesale and retail by Joshua Burgis & Co No. 130 Middle street, and Edward Mason No 105 Middle street—only agents for Portland

DISEASES OF THE Throat and Lungs.

COUGHS and Colds, the fruitful parents of Consumption, Bronchitis, Asthma, Pleurisy and many other dangerous diseases, are too often neglected until the foundation of the Specific Complaint is laid deep in the System. A Physician is then called in who [illegible] of mixtures a few Palliatives, but declares the disease incurable, and the Patient in confirmation of his opinion dies. But why does he die? Simply because he does not resort to the proper remedy, but trusts the mere prescription of a fraction rather than the infallible one of experience and the most authentic testimony. Of these this is the only true one, the efficacy of

DR. VONDERSMITH'S INDIAN COUGH BALM and Lung Balsam,

TO THE AFFLICTED

DR DOUGLASS respectfully informs the citizens of [illegible] that he may be consulted as usual on [illegible] incident to the human frame, at his office

No. 56 Union Street.

Dr D has been in extensive practice in all parts of the United States and has now in his possession the best of evidence to show that he is a regular M D. He has been upwards of 40 years in practice. The diseases of females will receive the Dr's particular attention. He will tell all the diseases from an examination of the eye; this is an advantage that Dr D has above all other practitioners, and which will necessarily do away the necessity of a long and unpleasant explanation on the part of the patient, of the disease with which they are affected. The age and length of time the patient has been suffering is all the Dr will require to give them a most thorough knowledge of their complaint and whether or not a cure can be effected.

Dr D has been very successful in the treatment of Colds, Coughs, Consumption, [illegible] and Liver Complaints, all Pulmonary diseases, Scrofula, Rheumatism, Fits, Dysentery, all diseases of the Eye and Ear, diseases of the Blood, Palpitation of the Heart, Gout, Salt Rheum, Cancers, [illegible] sores and all affections of the kidneys and Bladder, Tic Doloreau, [illegible] Abdominal Weakness, Headache, Intemperance, [illegible] Dr D warrants a cure of any of the above diseases if applied to in season.

He would also respectfully inform the public that he will attend to their diseases and complaints from 8 to 12 AM and from 2 to 9 P M. A full and general assortment of medicines are kept constantly on hand. Printed directions accompany each bottle or package.

All communications (post paid), with a fee enclosed, will be strictly attended to.

Dr. Townsend's SARSAPARILLA.

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD

This extract is put up in quart bottles, it is six times cheaper, pleasanter, and warranted superior to any sold. It cures diseases without vomiting, purging, sickening or debilitating the patient.

The great beauty and superiority of this Sarsaparilla over all other medicines is, while it eradicates disease, it invigorates the body. It is one of the very best Fall and Winter medicines ever known; it not only purifies the whole system and strengthens the person, but it creates new, pure and rich blood, a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the past two years more than 35,000 cures of severe cases of disease; at least 20,000 of these were considered incurable.

More than 3000 cases of Chronic Rheumatism;

2000 cases of Dyspepsia;

4000 cases of General Debility and Want of Energy;

7000 cases of the different Female Complaints;

2000 cases of Scrofula;

1500 cases of the Liver Complaint;

2500 cases of Diseases of the Kidneys and Dropsy;

3000 cases of Consumption.

and thousands of cases of diseases of the blood, viz: Ulcers, Erysipelas, Salt Rheum, Pimples on the face, &c together with numerous cases of sick headache, pain in the side and chest, spinal affection, &c.

This, we are aware, must appear incredible, but we have letters from physicians and our agents from all parts of the United States, informing us of extraordinary cures. R. Van Buskirk, Esq. one of the most respectable druggists in Newark, N J [illegible] he can refer to more than 150 cases in that place alone. There are thousands of cases in the city of New York, which we will refer to with pleasure, and to men of character. It is the best medicine for the prevention of disease known. It undoubtedly saved the lives of more than [illegible]

$100 CH LOREN, THE PAST SEASON as it removed the cause of disease, and prepared them for the summer season. It has never been known to injure in the least the most delicate child.

RHEUMATISM.

This Sarsaparilla is used with the most perfect success in Rheumatic complaints, however severe or chronic. The astonishing cures it has performed are indeed wonderful. Other remedies sometimes give temporary relief; this entirely eradicates it from the system, even when the limbs and bones are dreadfully swollen.

Hear Mr Seth Terry, one of the oldest and most respectable lawyers in Hartford Conn. The following is an extract of a letter received from him:

"Dr Townsend—I have used one bottle of your Sarsaparilla, and I find it is excellent in its effects upon the chronic rheumatic pain to which I am subject, and which is mainly occasioned several years ago in [illegible] Please send me two bottles [illegible] I have conversed with two of our principal [illegible] and recommended your Sarsaparilla [illegible]

Hartford, March 1, 1845."

CONSUMPTION CURED.

Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., have been and can be cured.

Dr. Townsend—Dear Sir: Nearly two years ago I took a violent cold, which settled on my lungs, and affected me severely, indeed, finally it became a hacking cough, but not so severe as to prevent me from attending to my business. Within the last few years it increased on me gradually. At last I became reduced—I breathed with difficulty, and raised with my cough much bad matter, and for the last nine months previous to using your Sarsaparilla, I had regular night sweats. Indeed, my friends and myself supposed that I should die with the Consumption; but I have the happiness to inform you that, to my surprise, after using three bottles of your Sarsaparilla I find my health restored. It relieved me gradually, and I am now enjoying much better health than I have before in 20 years. I had almost entirely lost my appetite, which is also returned. You are at liberty to publish this, with my name, in the papers, if you choose.

My little girl, who is three years old, had a severe cough the whole of last winter. We became much alarmed on her account. While using the medicine I gave her some of it, and it soon relieved her, and she is well now, and as hearty a child as ever I saw. She was also covered with little blotches. It took them away, and her skin is smooth and clear now, and I am satisfied she received her health from using your excellent medicine.

S W CONANT, 414 Bowery

GIRLS, READ THIS

You who have pale complexions, dull eyes, blotches on the face, rough skin, and are "out of sorts," use a bottle or two of Dr Townsend's Sarsaparilla. It will cleanse your blood, remove the freckles and blotches, and give you animation, sparkling eyes, fine spirits, and beautiful complexion—all of which are of immense value to unmarried ladies.

GREAT FEMALE MEDICINE

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for incipient Consumption, Barrenness, Leucorrhoea, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes produced by irregularity, illness or accident.

Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of barrenness.

It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us. Several cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine healthy offspring.

Dr Townsend: My wife being greatly distressed by weakness and general debility, and suffering continually by pain and a sensation of bearing down, falling of the womb, and with other difficulties, and having known cases where your medicine has effected great cures, and also hearing it recommended for such cases as I have described, I obtained a bottle of your Extract of Sarsaparilla and followed the directions you gave me. In a short period it removed her complaints and restored her to health. Being grateful for the benefits she received, I take pleasure in thus acknowledging it, and recommending it to the public. M D MOORE

TO MOTHERS AND MARRIED LADIES

This extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "the turn of life," should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Nor is it less valuable for those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all of the delicate diseases to which women are subject. It braces the whole system, renews permanently the natural energies, by removing the impurities of the body, not so far stimulating the system as to produce a subsequent relaxation—which is the case of most medicines taken for female weakness and disease.

SCROFULA CURED

This certificate conclusively proves that this Sarsaparilla has perfect control of the most obstinate diseases of the blood. Three persons cured in one house is unprecedented.

THREE CHILDREN

Dr Townsend: Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores; have taken some four bottles, it took them away, for which I feel myself under deep obligation. Yours respectfully,

ISAAC W. CRAIN, 106 [illegible]
